

## Academic Programs

## General Education

General Education is a program of study that reflects Anderson University's foundation in the liberal arts and the value it places on providing some common learning experiences for all its graduates. The selection of courses has been developed to provide the essential knowledge, skills, and dispositions that lead to informed citizenship, service, wellness, and a foundation for continued learning. The exploration of knowledge and skills in these courses provides the framework through which students may see the connections and distinctions among the academic disciplines.

As a university, we recognize that students gain more when they invest more, and we place a high value on the engaged learner. Skills in communicating, thinking, relating, and wellness are cultivated by the general education program as well as many courses in the major. Our heritage as a Christian institution is reflected in courses focused on the Bible, Christ, and ethical living. Knowledge comes to us through many pathways. Knowing and valuing the different processes by which disciplines explore and interpret the human experience is an important part of learning.

Upon completion of general education, students should be able to:

- 1) Demonstrate goal-setting for and critical self-reflection of their experience as learners.
- 2) Demonstrate increasing abilities related to the skills of communication, critical and creative thinking, productive interpersonal relationships, personal health and wellness:
  - Communication Skills—writing, speaking, reading, listening in English; achieving basic competency in a second language; developing observation skills, and an awareness of aesthetics
  - Critical Thinking Skills—logic, quantitative skills, research, computation, problem solving, scientific method, and analysis
  - Interpersonal Skills—cooperation, teamwork, and collaboration
  - Wellness Skills—nutritional awareness, physical fitness, and healthy lifestyle practices
- 3) Demonstrate knowledge of Christian Scripture, a knowledge of Christian religious traditions, and the ability to evaluate Christian ethical values.
- 4) Demonstrate knowledge of the contributions of a variety of academic disciplines, and the ability to employ corresponding methods of inquiry:
  - Humanities (including literature and history)
  - Mathematics
  - Fine Arts
  - Social/behavioral sciences
  - Natural Sciences

## Art

### B.A. with a Major in Art

**Mission Statement:** The goal of the Art curriculum is to provide art students with a clear working knowledge of the visual arts as a form of communication, specifically enhanced through an understanding of formal elements and principles, creative visual problem solving, critical thinking skills, and an adept investigation of current tools and materials appropriate to each discipline. Graduating students will receive essential preparation to foster success in the professional fields, further their education at the graduate level, or continue independent creative production. The Art program is committed to providing the University community with direct exposure to artwork, emphasizing the study of art and art history in its historical and contemporary forms in order to broaden the intellectual contexts in which art is experienced.

A minimum high school GPA of 3.0 is required for admission into the art program. Students who have been accepted into the University but do not meet this minimum standard may enroll in art courses only if their cumulative GPA is at least a 2.5 following their first semester at Anderson University. Even if they are already accepted into the University, all transfer art students must apply for acceptance into the art program by submitting a portfolio and scheduling an application interview with a member of the art department. Transfer students must also have a 2.5 cumulative GPA to enroll in art courses. The department is responsible for determining which courses that are transferred in count as equivalent to required courses within the major.

All students enrolled in art courses are required to pay lab fees, which cover the cost of shared consumable materials provided by the Art Department. Fees vary in amount from course to course, and are included on the student's tuition bill.

All students who are pursuing a Bachelor of Arts in Art degree must submit work for review during the sophomore year. All students who plan to graduate with a Bachelor of Arts in Art must participate in a senior review and exhibition. Senior Reviews and exhibitions are scheduled twice a year at the end of the fall and spring semesters.

# Christian Theology

Recommended Course Sequence

## B.A. with a Major in Christian Theology

The mission of the BA in Theology is to educate students in the traditional theological disciplines (biblical studies and languages, theology, church history, etc.) so that the students will be prepared to (1) enter seminary, (2) pursue a graduate research degree, or (3) enter a career appropriate to a broad-based liberal arts education (not necessarily within ministry). The Theology degree is a good program for students interested in scholarship. No grade below "C" in a course required for the major or minor (including cognates and specified electives) will count toward satisfying that course requirement. This policy does not refer to general education requirements or elective courses.

**Course Requirements:** Required Christian Studies courses include: CHR 107, 109, 205, 240, 250, 305, 331, 345, 445, and 491. Philosophy courses are encouraged, but not required. The sequence of REL 312 and REL 322 will be completed to meet a student's language requirement. Majors also must take an additional 27 hours in upper level (300-400) religion courses, including at least 15 hours in theology and/or biblical studies courses.

## Christian Theology: Biblical Studies

### Recommended Course Sequence

The mission of the BA in Theology is to educate students in the traditional theological disciplines (biblical studies and languages, theology, church history, etc.) so that the students will be prepared to (1) enter seminary, (2) pursue a graduate research degree, or (3) enter a career appropriate to a broad-based liberal arts education (not necessarily within ministry). The Theology degree is a good program for students interested in scholarship. No grade below "C" in a course required for the major or minor (including cognates and specified electives) will count toward satisfying that course requirement. This policy does not refer to general education requirements or elective courses.

**Course Requirements:** A Biblical Studies concentration requires that the student take the following courses within their CHR electives: CHR 313 and 323, plus 12 hours in biblical studies (300/400) electives. A student may declare a Biblical Studies concentration at any point through the fifth semester; the four-course language sequence will require four consecutive semesters to complete.

## Bachelor of Arts: Secondary English Education (9-12)

### Recommended Course Sequence

This degree program is designed for the teacher candidate who wants to teach English at the high school level. There are two main areas of emphasis: English and education. The English major component includes 30 hours of courses (beyond the general education requirement) to meet South Carolina certification standards in English. Additionally, the teacher candidate must complete 39 hours of professional education courses in order to be certified. This program is nationally recognized by the National Council of Teachers of English (NCTE).

No grade below "C" in a course required for the major or minor (including cognates and specified electives) will count toward satisfying that course requirement. This policy does not refer to general education requirements or elective courses.

## Humanities and the Law

### Recommended Course Sequence

The mission of the major in Humanities and the Law is to educate students in the humanities and in legal studies in order to prepare them for graduate school in law or to enter a career appropriate to an interdisciplinary, liberal arts education. This program is consistent with the core values adopted for the mission and purpose of the College (Vision 2014 Strategic Plan Strategy 1 and 4).

Humanities and the Law is Anderson University's Pre-Law degree program. Students interested in attending law school can pursue any major, but Humanities and the Law is designed to give students experiences preparatory for a graduate education in law. This major, however, is more than a pre-professional program in law. It is also an inter-disciplinary course of study in the humanities. Students will receive an academic background which could be used in preparation for a career in government, charitable organizations, economic development or public service.

No grade below "C" in a course required for the major or minor (including cognates and specified electives) will count toward satisfying that course requirement. This policy does not refer to general education requirements or elective courses.

**Course Requirements:** MAT108 fulfills the General Education requirement in Math. PSY101 fulfills the General Education requirement in Social Science. The major consists of two sections: required courses in Legal Studies (LEG 101, 201, 395, and 401) and required courses in the Behavioral Sciences (CRJ 350; SOC 101, 202, 315, 398; PS 101, 102; PSY 190, 211, 301, 316, 350). Other courses required for the major are COM 301; ENG 332, 431; PHI 101, 205.

**Music**

Recommended Course Sequence

**B.A. with a Major in Music**

The Bachelor of Arts degree in Music provides a broad, Christian, liberal arts education that combines academic study of music with a large number of electives, including a minor area of study. Students in the program may tailor their studies to suit a wide range of possible academic or professional goals. The major includes history, literature, and theoretical studies of music supported by a variety of applied music experiences, including private study and ensembles.

No grade below “C” in a course required for the major or minor (including cognates and specified electives) will count toward satisfying that course requirement. This policy does not refer to general education requirements or elective courses.

**Course Requirements:** Major Applied Area (8 hrs.), Secondary Applied Area (2 hrs.), Music Ensembles (10 hrs. Primary 8 hours and Specialized 2 hours), Recital Hour 090 (7 semesters), MUS 205, 317, 494; MUH 210 or 211 or 212 or 213, 370, 371; MUT 101, 103, 201, 203, 301, 303, and 6 hours of music electives, selected from any music course except applied music. In addition to the general education course requirements, 25 hours of non-music courses are required. These courses must include a minor outside of music unless the student has a secondary major. All music majors are required to comply with the policies and procedures itemized in the [Music Handbook](#).

## Psychology

Recommended Course Sequence

### B.A. with a Major in Psychology

The mission of the Psychology major at Anderson University is to provide students a foundational understanding of the science of psychology and its applications, in order to prepare them for their roles as citizens in the liberal arts tradition including graduate education in both research and applied programs or a career appropriate to a broad-based liberal arts education.

No grade below “C” in a course required for the major or minor (including cognates and specified electives) will count toward satisfying that course requirement. This policy does not refer to general education requirements or elective courses.

**Course Requirements:** Preparation for the psychology major includes some additional courses outside of the major. These courses include Philosophy 101 and a second social science course beyond the one required in general education. In addition, Psychology 101 counts in the major and not in general education while Biology 150 and Chemistry 101 are designated as the science courses in general education for students majoring in psychology. Psychology majors are required to take a total of 42 semester hours of Psychology courses as follows: Psychology Core: PSY 101, 102, 190, 211, 350, 410, 498 and either 490 or 491 – 24 semester hours. Five additional Psychology electives must also be taken. PSY 490 or 491 will count as a general elective if not taken as a part of the core requirements.

## Spanish

Recommended Course Sequence

### B.A. with a Major in Spanish

The BA in Spanish at Anderson University exists to promote and teach about all things Hispanic, including language, culture and literature, in order to raise the level of awareness in our graduates. It also seeks to make the University and larger community aware of issues related to Hispanics throughout the world.

No grade below “C” in a course required for the major or minor (including cognates and specified electives) will count toward satisfying that course requirement. This policy does not refer to general education requirements or elective courses.

**Course Requirements:** Required non-SPA courses include ENG 205 or 206 and 12 hours in a second language (French is shown, but students could study another language). The major requires 35 hours of Spanish courses above the 201 level.

## B.A. with a Major in Musical Theatre

Admission to the theatre department is by audition/interview only. See the Department Chair for details.

The Musical Theatre Major provides training in musical theatre productions for aspiring actors, designers, directors, technicians, theatre managers, music and theatre teachers and church drama directors. Students in the major will be able to successfully perform and rehearse as a “triple threat” (actor/singer/dancer) in musical theatre, direct and/or produce musical theatre productions in education, church, community, military and professional settings, audition for professional work in musical theatre, identify basic music theory components, identify the history and components of American musical theatre, identify musical theatre repertoire, identify major influences in musical theatre, identify appropriate musical theatre productions for various audiences and venues, identify characters and themes from musical theatre repertoire and critique musical theatre productions.

No grade below “C” in a course required for the major or minor (including cognates and specified electives) will count toward satisfying that course requirement. This policy does not refer to general education requirements or elective courses.

**Course Requirements:** Theatre majors take a specified required 49 hours of theatre courses plus 8 hours of theatre electives options: THE 203 Voice and Diction, THE 231 Stage Management, THE 402 Acting IV and THE 490 Advanced Topics Seminar. They are also required to take 12 hours of required courses from the music department. All musical theatre majors are required to comply with the policies and procedures itemized in the Theatre Handbook edition under which they entered or are graduating.

Recommended Course Sequence

### B.S. with a Major in Biology

The Bachelor of Science degree in Biology prepares students for a variety of careers and professional occupations such as public service with federal, state and local natural resource and environmental agencies; consulting and manufacturing firms and educational institutions. The major is also a solid foundation for those wishing to pursue further training in medical, dental, veterinary or graduate school (see page 55). Students interested in pre-Medical studies must contact the Anderson University Pre-Medical Committee. The University currently has an articulation agreement for a Guaranteed Acceptance Program with the Virginia College of Osteopathic Medicine (VCOM). Detailed information about pre-Medical requirements and the aforementioned Agreement can be obtained from the Pre-Medical Committee.

## Bachelor of Science: Elementary Education with add-on certification in Early Childhood Education

### Recommended Course Sequence

The College of Education offers an undergraduate degree in Elementary Education with add-on certification in Early Childhood Education according to guidelines recognized by the South Carolina State Department of Education. The teacher candidate completes the courses required for the elementary education program and 12 hours of coursework that leads to add-on certification in Early Childhood. The content of the courses in Early Childhood facilitates the application of developmentally appropriate strategies for teaching and assessing students from birth to eight years old in these major courses. The add-on certification is nationally recognized by the National Association for the Education of Young Children (NAEYC).

No grade below "C" in a course required for the major or minor (including cognates and specified electives) will count toward satisfying that course requirement. This policy does not refer to general education requirements or elective courses.

## Mathematics

### Recommended Course Sequence

#### B.S. with a Major in Mathematics

The mission of the BS in Mathematics is to educate students in the traditional mathematical disciplines (e.g. calculus, discrete methods, probability and statistical theory and methods, linear programming, linear and abstract algebra, etc.) so that students will be prepared to 1) pursue a graduate degree, or 2) enter a career in mathematics. The BS in Mathematics is distinct from the BS in Secondary Education Mathematics in that the course of study requires a capstone course in which the student will apply mathematical knowledge in an independent research project. The Mathematics degree is designed for students with a strong commitment to applying mathematical knowledge in a career.

No grade below "C" in a course required for the major or minor (including cognates and specified electives) will count toward satisfying that course requirement. This policy does not refer to general education requirements or elective courses.

**Course Requirements:** 45-46 hours including MAT 130, 140, PHY 201, 202. Major: 41 hours including MAT 160, 190, 215, 240, 270, 290, 340, 380, 390, 420, 430, 496, Math Elective. Cognate: 4 hours CIS 202. Electives: 37-38 hours

**Mathematics: Actuarial**

Recommended Course Sequence

In accordance with the mission of the BS degree program in Mathematics to train the Mathematics major for a career, this concentration prepares the student in the fundamentals of actuarial science and for an actuarial career in the insurance industry. The courses prescribed for the concentration give students background the first four exams (Exam P, Exam FM, Exam M, and Exam C) of the Society of Actuaries.

No grade below "C" in a course required for the major or minor (including cognates and specific electives) will count toward satisfying the course requirement. This policy does not refer to general education requirements or elective courses.

## Bachelor of Science: Secondary Math Education (9-12)

### Recommended Course Sequence

This degree program is offered by the College of Education in collaboration with the Department of Mathematics for those who want to teach mathematics at the high school (9-12) level. The main components of the program include courses in mathematics, physics, and professional education. Additionally, the teacher candidate must complete 33 hours of professional education courses to be certified. This program is nationally recognized by the National Council of Teachers of Mathematics (NCTM).

No grade below "C" in a course required for the major or minor (including cognates and specified electives) will count toward satisfying that course requirement. This policy does not refer to general education requirements or elective courses.

# Physical Education

Recommended Course Sequence

## B.S. with a Major in Physical Education

Anderson University's physical education program seeks to prepare teacher candidates to conduct quality physical education programs in schools for students in grades PreK-12. The undergraduate objectives are designed to give focus to professional preparation in a Christian environment to aspiring teachers, preparing them to teach effectively in the motor, cognitive, affective, and health-related domains while meeting individual learning needs of all students. By majoring in physical education, students who also desire to teach and become athletic coaches will be more prepared to demonstrate the skills to manage practices, assess player and team performance, as well as teach the sport skills, tactics and strategies more effectively.

No grade below "C" in a course required for the major or minor (including cognates and specified electives) will count toward satisfying that course requirement. This policy does not refer to general education requirements or elective courses.

## Pre-Engineering

Recommended Course Sequence

### B.S. with a Major in Pre-Engineering

The mission of the Pre-Engineering major at Anderson University is to provide students a foundational understanding of Engineering principles in order to prepare them for transfer to Clemson University, where they will complete their Engineering degree.

This major is a “3 +” (Dual-Degree) program in association with Clemson. Students will complete the requirements for three academic years at Anderson University, including the General Education courses, and will then transfer to Clemson for the remaining courses to satisfy the requirements for the Engineering major. Clemson recommends that the prospective student attend summer school at Clemson following the Junior year at AU. Upon completion of this program, the student will receive an engineering degree from Clemson and a Bachelor of Science in Pre-Engineering degree from AU.

Students participating in this program must complete a form entitled, “Intention to Pursue the Dual-Degree Program at Clemson University” and send it to the Associate Dean of Engineering in the College of Engineering at Clemson University. Formal application for admission to Clemson University should be made during the Fall semester of the third year at AU. Students completing the program should apply for graduation at both institutions.

The sequence below is suggested based on the general requirements of the Engineering degrees at Clemson. Students should consult the specific requirements of their chosen Engineering major at Clemson in order to determine the best course of study at Anderson University.

No grade below “C” in a course required for the major or minor (including cognates and specified electives) will count toward satisfying that course requirement. This policy does not refer to general education requirements or elective courses.

**Course Requirements:** MAT 140 fulfills the General Education requirement for MAT. Other courses in this major beyond General Education are MAT 190, 240, 290, PHY 201, 202, CHE 111, 112, 113, 114, BIO 160, CIS 120, 202, EG 101, BUS 301 and a 200-level literature course. In addition, students must complete a Social Science Elective and a Social Science or Humanities Elective which meets Clemson’s General Education requirements.

Clemson's Science and Technology Requirement is met through BIO 160.

Directed Electives include CHE 201/203, 202/204, CIS 203, MAT 108, 215, MGT 341. These are courses designed to prepare the students for particular Engineering majors at Clemson, but they are not required for all Engineering majors. Courses should be selected in consultation with the Clemson Engineering catalog.

Students who cannot enter AU with placement into MAT 140 may not be able to fulfill the AU coursework within 3 years.

Clemson's Cross-Cultural Awareness Requirement can be met through the following courses: ANT 101, GEO 102, HIS 111, HIS 112, REL 330

Total Number of Semester Hours Required for the degree is determined by the Engineering degree offered through Clemson.

## Music Performance

### Bachelor of Music Degree

The Bachelor of Music degree in Performance is designed for students who wish to focus their career on performance and private teaching. This degree requires intensive study in individual and ensemble performance and supporting music courses. It provides excellent preparation for graduate study in music.

### Music Performance: Instrumental

## Worship Leadership Bachelor of Music Degree

### Recommended Course Sequence

The Bachelor of Music degree in Worship Leadership is designed for students who are called to full-time worship and music ministry. This program of study is focused on developing the skills today's diverse churches need. It includes practical field experiences, significant coursework in Christian studies, and thorough musical training. The curriculum embraces diverse musical styles and worship practices.

No grade below "C" in a course required for the major or minor (including cognates and specified electives) will count toward satisfying that course requirement. This policy does not refer to general education requirements or elective courses.

## Music Education

### Bachelor of Music Education Degree

The Bachelor of Music Education program is designed to prepare pre-service music students to become leaders in their chosen music profession specialty, by exemplifying excellence in teaching, musicianship, and professional disposition. The degree program is designed to prepare for certification to teach K-12 choral or instrumental music in South Carolina. The BME program also prepares students for continued study in graduate school, and for professional service including private studio teaching.

## Music Education: Instrumental

## **Business Administration - ACCEL**

Course Requirements

### **Bachelor of Business Administration**

(120 hours)

**Mission Statement:** The Bachelor of Business Administration degree prepares graduates, in a non-traditional environment, with the basic tools necessary to achieve success in an ever-changing business environment. This is enhanced by a curriculum with challenging core courses in basic business knowledge and applications, enhanced by upper-level electives or concentration specific courses. The degree is designed to allow graduates to satisfy goals such as professional development, career advancement, personal growth, or job mobility.

**Requirements for Admission:** In order to be admitted, applicants must be classified as adult students and must have had a minimum of three years of significant full-time employment, that is, in a position normally considered to be a career-track managerial, supervisory, or other professional position requiring specialized skill and knowledge.

**Admission into program:** All BBA students are admitted initially as pre-business students. After successful completion of three core courses (ACC 202, ECO 211, MGT 341) and a fourth specialized course (BUS 230 for the BBA or CIS 203 for the BBA/CIS concentration or HCM 110 for the BBA/HCM concentration) with a minimum 2.5 GPA, students can apply for full acceptance into the major. Should a student receive transfer credit for one of the above courses, another Anderson University business course will be substituted.

## **ACCEL Elementary Education with add-on certification in Early Childhood Education**

Course Requirements

### **Bachelor of Science: Elementary Education with add-on certification in Early Childhood Education**

(133 hours)

#### **College of Education Mission Statement**

The Mission of the College of Education is to prepare men and women to become Christ-centered “educators who are builders of knowledge, values, and community” by nurturing the development of character, servant leadership, and cultural engagement.

#### **Education Curriculum**

The College of Education offers a Bachelor of Science Degree in Elementary Education with add-on certification in Early Childhood Education. This program is delivered in an ACCEL format for working adults who wish to become teachers and need the availability of evening classes to meet their educational needs. The education curriculum includes a concentrated course sequence that focuses on teaching methods and techniques used in elementary classrooms (grades 2-6) and early childhood settings (K-grade 3). To facilitate the required field experiences in cooperating public schools, the candidate must begin the program in either Term I or Term III. From there, the education courses in the program are offered in a lock-step sequence so the candidate can complete the education curriculum in approximately 24 months. With the content knowledge gained in the general education curriculum as a basis, the candidate completes pedagogical studies in math, English language arts, science, and social studies. Further, the candidate meets the requirements of professional education courses that include classroom management, educational philosophy, and child development. The candidate must also pass the three Benchmarks that constitute the “College of Education Unit Assessment System.” This process is described further on pages 183-185 in this catalog. Upon the successful completion of all course work and the three Benchmarks, the candidate is recommended to the South Carolina State Department of Education for initial teacher certification.

#### **Field Experiences**

Three field-related courses are part of a continuous and hierarchical model that prepares the teacher candidate for the Clinical Experience. These courses are designed to give the teacher candidate ever-increasing time, observation, and experience in the classroom. Field experiences, in addition to field labs, must be completed throughout the program in the context of public school cooperating classrooms. Therefore, the ACCEL student must make prior arrangements with an employer to schedule these field experiences during the normal operating hours of the public school day. Credit for previous or present employment in a school classroom (public or private) will not be granted or substituted for field placement requirements. No credit will be awarded for field experiences completed as a part of previous course work from other institutions. Candidates will not be placed in cooperating schools where relatives work or attend. Requests by the candidate for placement at a specific cooperating school will be forwarded to the respective school district by the Coordinator of Field Partnerships; however, the final decision for placement is made by the school district. Under no circumstances is a candidate permitted to discuss field/lab experience placements with school district personnel, including district office personnel, school building administrators, teachers, paraprofessionals, or school building staff. A candidate who enters the program as an education paraprofessional may use the place of employment to fulfill the requirements for one field experience, but the request for placement must be made through the respective school district office by the Coordinator of Field Partnerships.

## 118 | Academic Programs

ACCEL teacher candidates will complete the Clinical Experience during the final semester of the program of study in a public school cooperating classroom. ACCEL teacher candidates will attend all required orientation sessions, which will be scheduled to accommodate traditional teacher candidates, as well. No teacher candidate may hold employment during the Clinical Experience.

## Liberal Studies - ACCEL

Course Requirements

### Bachelor of Liberal Studies

(120 hours)

The Bachelor of Liberal Studies program educates students in theory and applications associated with a variety of disciplines. The core disciplines include business, social/behavioral sciences, humanities, and professional studies. Students, with the aid of an academic advisor, can design a program of study that best fits their personal and professional goals. A liberal studies degree educates students in theory and applications with a variety of disciplines. The BLS degree also provides excellent opportunity to take prerequisite courses in preparation for pursuing a graduate degree. The curriculum has **two options**. One is a degree completion option for those with an associate's degree. The other is for those without a degree.

#### DEGREE COMPLETION OPTION – GENERAL EDUCATION AND DEGREE REQUIREMENTS

**Completion of approved associate's degree** (a maximum of 64 semester hours transferred as "block" credit); a minimum of 56 semester hours from a senior college or university; a minimum of 45 semester hours of upper division courses; a minimum of 36 semester hours from Anderson University; a minimum of 36 semester hours of general education courses to include statistics, humanities/fine arts, social/behavioral sciences, communication, natural science, and Christian studies.
