How do I pick people to live with?

You can choose people to live with through MyHousing. You will select roommates, suitemates, and Townhome roommates through the same process.

FAQs

Select/Approve your requested roommates. You will either need to request a roommate or approve a roommate/suitemate request. (It works just like protected accounts on Instagram, Twitter, and Snapchat)

Why is it important to select roommates before housing sign ups?

- The person with the earliest housing selection time will be able to place everyone who has mutually requested.

Do I need a back-up plan?

- There are a certain number of spaces available and your first choice may not be available. So it’s important that you know who wants to be roommate pairs as well as suitemates.

Do I need to fill the suite/Townhome?

- No, you don’t need to fill a suite or a Townhome. For example, if you would like to live in South Rouse, you would only need to have 1 roommate to fill a room. If you want to choose your suitemates, you would need to have a total of 4 people in your accepted roommate/suitemate request group. This would fill all the empty spaces in your suite.

Do I need to have a roommate/suitemates/Townhome roommates decided before housing selection?

- Yes, you need to have all roommate requests accepted before housing selection. The only exception is if you are planning on living in Village.

How many people can I live with?

- You can live with up to 7 people, as long as they fill each room in the suite/Townhome you are requesting.

Who can I live with?

Rising sophomores (first year students) can only live with other rising sophomores. Rising juniors and seniors can only live with other rising juniors and seniors.
